Students Satisfaction Survey Report (2022-2023)

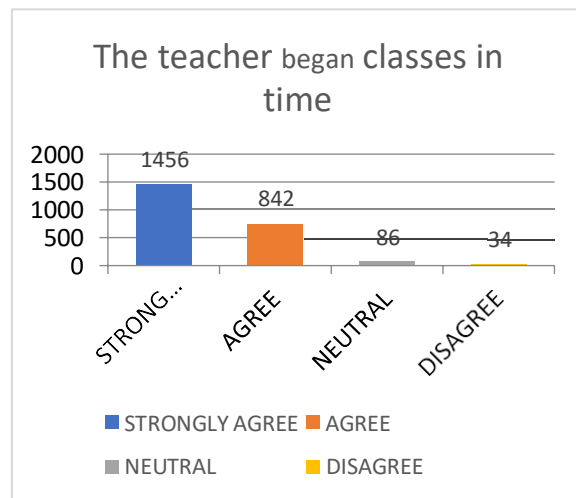

The students are components of the institution. In order to understand the experiences of students for the academic session 2022-2023, a well-structured questionnaire has been framed and forwarded through online. The questionnaire survey includes 30 questions to which responses are given by all the students of the institution with the help of Google Forms. The survey components include institute-level feedback on teachers, teaching methods, examination patterns, laboratory, playground, library and learning experiences, subject, and class management. Student Satisfaction Survey was conducted during the month of July 2023. The outcome of the survey will help to reach the objective of the institution. This will also help to initiate remedial action to improve the facilities whenever and wherever it is required. The result of the survey will give insight into the plan for the future. Totally 2418 students responded to the Student Satisfaction Survey. The analysis of the survey conducted shows that 2408 students were highly satisfied with the Teaching- Teaching-learning process of the institution. Students very strongly agree that their teachers began their class on time; they used the hour effectively and clearly. They have been well organized, planned, and presented it efficiently. They appreciated that the teachers stimulated their intellectual curiosity. The survey questions include parameters on class management of teachers for which the students strongly agreed that the teachers use the hours effectively, daily lectures were well organized, the communication was clear and understandable, and encouraged student participation and discussions. They also expressed that their teacher's attitude was friendly and helpful toward them. The students highly appreciated that there was effective communication between the students and teachers. At the same time, the students highly appreciated and were satisfied with which includes teaching methodology, seminar works, and follow-up made by the faculty throughout the semester. They also satisfied and acknowledged the effort put by the faculty in promoting Experiential learning by conducting workshops, especially Hands-on training sessions in the institution which

are helpful for them to see the world beyond their prescribed curriculum and also motivating them to learn other subjects or practical. Through the open-ended question, the students valued institutional effort in inculcating soft skills, life skills, and employment skills among the students, teaching with ICT tools has been rated high in the survey

Overall they are happy with the class management of the teachers and enjoy their experiential learning and participation in college programs. They also expressed that the institution encourages them to participate in sports and fitness activities, keeps the environment and infrastructure clean, and provides a well-equipped library. Most of the students appreciate their grievances are heard and redressed in a professional manner and mainly the mentoring system which facilitates their emotional well-being.
